

In Y3 this term we will be learning...

Why does it matter what we eat?

This term our learning will focus on Science as we look at how plants are a source of food. We will discover the function of parts of a plant and explore the different conditions plants need to grow. We are then going to focus on the human body and look at the different types of bones and muscles we have. After that, we are going to research the Eatwell Plate and learn what food our bodies need so we have a healthy balanced diet. Our DT focus for the term will allow children to practise their food preparation skills including cutting, chopping, peeling, grating. Then we will follow the design process to design and create our own pizzas. These pizzas will then be shared at our pizza tasting event at the end of the term.

Key Dates and exciting things to look forward to!

2nd March: World Book Day

17th March: Comic Relief

W/b 21st March: Parents' Evenings

Date TBC: Pizza Tasting event

Literacy

Our key texts this term are:

We will start by writing an information text on plants then move on to writing a character description from the book Cinnamon.

Maths

This term we focus on multiplication and division so continue to revise those times tables! In particular, we are going to be focusing on using formal column methods.

We will also do some work on finding and comparing fractions and understanding equivalent fractions.

Computing

This term the children will learn how to follow instructions to create branching diagrams.

Religious Education

We will learn about Christianity and in particular will be looking at the disciples of Jesus and the festival of Lent.

PE

Our PE days are:

Swimming - Wednesday mornings

Outdoor PE

Y3VH - Monday pm

Y3CW - Thursday pm

Y3SS - Thursday pm

Music

This term in music, the children will be taught how to play a xylophone and will be learning some cup rhythm games.

This term we focus on these Core Values:

Be Enthusiastic

"We are enthusiastic and relish a challenge."

PSHE

This term the children will learn about risks and dangers and they will have a fire safety talk. They will also be looking at setting goals and learning how to regulate their emotions.

Spanish

In Spanish we will learn about colours, classroom objects, our family, Numbers 11 - 20, months of the year and parts of the body.

Be Honest <i>"We tell the truth even when it is difficult to do so."</i>	<u>RSE</u> We will be learning about what personal space is and discussing appropriate and inappropriate types of physical contact.	Visit and follow the Year 3 Twitter page to keep up to date with everything we're up to! @Year3Beck
